

Thurlby 2406 balanced flue Stove

With cast door and legs, solid plate steel body and hand painted logs, the Thurlby combines the beauty, warmth and authenticity of a wood burning stove with the convenience and efficiency of balanced flue gas.

Choice of manual or fully remote control. An optional collar is available if you wish to fit an imitation flue pipe.

Pickworth 2306 balanced flue Stove

More contemporary and European in style, the Pickworth offers an alternative stove for a more modern setting. Turned beach handle, concealed controls and plate steel construction to create clean lines.
